

LearnHub – Online Learning Platform

CodeAlpha UI/UX Internship

Prepared by: Muskan Mubashar

University: University of Lahore (UOL)

Course: BS AI Embedded System

Project Overview

LearnHub is a mobile application prototype designed in Figma to provide an intuitive online learning experience. The project focuses on a clean interface, simple navigation, and a modern user experience.

Objectives

- Design a modern learning app UI.
- Create a clickable prototype.
- Improve usability with clear navigation.

Tools Used

Figma, Prototype Mode

Screens Designed

1. Splash Screen
2. Login Screen
3. Sign Up Screen
4. Home Screen
5. Course Details
6. Video Lesson
7. My Courses
8. Profile

Design Choices

Primary Color: #6C63FF (Purple)

Background: #F8F9FC

Typography: Inter

Rounded cards and buttons for a modern appearance.

Prototype Flow

Splash → Login → Sign Up → Home → Course Details → Video Lesson → My Courses → Profile

Conclusion

The LearnHub prototype demonstrates a complete mobile learning application with intuitive navigation and a user-friendly interface. The design emphasizes accessibility, consistency, and simplicity while showcasing core UI/UX design principles.
